# Innovation Reflection

Last month, we began our discussion on Innovation. Let's take a moment to reflect on how the three concepts helped us be more Innovative as a team.

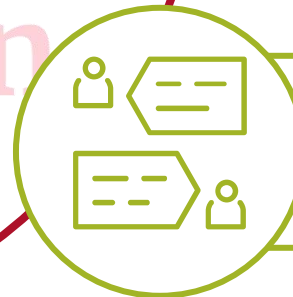

## Staying Curious

How have you remained curious about a change over the past month? What was the impact?

## Levels of Listening

Can you identify a time that you were fully engaged in hearing out someone's idea?

## Clarifying Questions

What clarifying questions have you used over the past month? What was the impact?

# Innovation in Action!

## How can I continue to support Innovation?

What behaviors do I want to continue, start, or stop doing with Staying Curious, Listening for Understanding, and Asking Clarifying Questions?

## Have an Innovative Idea?

Use an SBAR to formulate your idea and present it to your leader and/or team:

**S**ituation – What is the problem or concern?

**B**ackground – What is the context or information concerning the situation?

**A**ssessment – What did you find and think?

**R**ecommendation – What do you want?
