July Culture Conversation

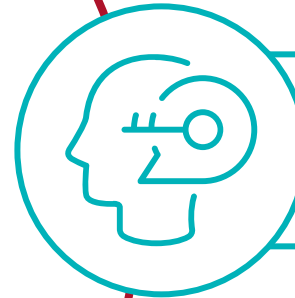

Search for a better way. Seek and implement ideas and approaches that can change the way the world discovers, teaches and heals. Drive transformational change.

Innovation

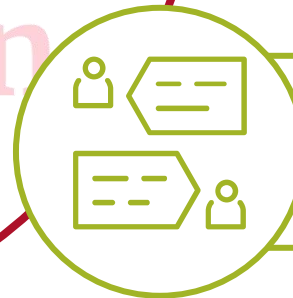

Staying Curious

Finding our perspective to remain open to new ideas or ways of doing things.

Levels of Listening

Seeking to understand the meaning behind what is being said.

Clarifying Questions

Asking for information helps us get the best information for the best decisions.

Innovation in Action!

Practicing Innovation

Let's use our Culture Concepts and Zero Harm tools to be Innovative

Supporting Innovation

How can our team demonstrate this value over the next month?

Staying Curious

Listening for Understanding

Asking Clarifying Question

Being Innovative

If we can make changes, then how do we want to make that change over the next month?

What current task or process could be changed to be more efficient?

What resources can we use differently?
