UNMC COLLEGE OF PHARMACY
ADVANCED PHARMACY PRACTICE EXPERIENCE SYLLABUS
(Approved December 2014)
(Updated December 2016)

COURSE TITLE: Specialty Pharmacy at Neighborhood LTC Pharmacy Advanced Pharmacy Practice Experience (APPE)

COURSE NUMBER: PHPR 797-03

CREDIT HOURS: 4 semester hours

CLOCK HOURS/WEEK: 40 NO. OF WEEKS: 4

REQUIRED/ELECTIVE: This APPE serves as an Elective

PREREQUISITES: P-4 standing and registration as an intern with the Nebraska Department of Health & Human Services.

DESCRIPTION: Experiential training in Community, Compliance Packaging and Injection Administration Professional Pharmacy.

INSTRUCTORS: Scott Louderback, Pharm.D.
Blake Henning, Pharm.D.
Marissa Kroese, Pharm.D.

COURSE OBJECTIVES:

List the learning objectives expected of students taking this course.
1. Describe and demonstrate the activities of a pharmacist in this specialty pharmacy setting.
2. Describe different methods of dispensing medication to residents of group homes and those still living at home.
3. Use effective communication with patients and caregivers to provide patient counseling and to answer drug information questions.
4. Complete medication reviews when a new medication is prescribed or an existing medication is changed or discontinued.
5. Explain how the accreditation process for Medicare works.
6. Demonstrate competency in scheduling, preparing, and administering injections.
7. Describe the benefits, challenges, and general differences of operating an independently owed pharmacy

PROGRAMMATIC OUTCOMES:

See PHPR 797-03 Specialty Pharmacy at Neighborhood LTC Pharmacy APPE Core Competencies document, attached as Appendix A.

INSTRUCTIONAL METHODS:

Instructional methods may include, but not be limited to, self-study, observation, participation in patient care activities, problem solving, discussions with instructors, presentations, and submission of clinical documentation for instructor evaluation.

ASSESSMENT MEASURES:

Assessment measures may include, but not be limited to, traditional examinations and quizzes, performance based assessment methods of general abilities and professional competencies.
Student's performance will be assessed in each category applicable to the rotation based upon the skills and knowledge demonstrated during the rotation; expectations may vary depending on the timing of the rotation during the rotation year (e.g., higher expectations during later rotations). The student will be evaluated at mid-rotation and at the end of the rotation using forms provided in Appendix B (which may include additional criteria as defined by specific rotations).

**Mid-rotation evaluation:** The preceptor will complete an evaluation of the student at mid-rotation, and the student is required to complete a self-assessment. The preceptor and student will meet to discuss these performance assessments.

The preceptor will notify the Director of Experiential Programs in cases where students are not progressing to satisfactory levels and are at significant risk of being unable to successfully complete the rotation.

**Final evaluation:** At the conclusion of the rotation, the preceptor will complete the final evaluation, and the student is required to complete a self-assessment. The preceptor will interact with the student in exit interview to discuss final grade.

**GRADING METHODS:**

Grading for this APPE is Pass/Fail/Honors:

Pass = Student meets or exceeds expectations  
Fail = Student does not meet expectations  
Pass with Honors is a grade assigned by a review committee within the Office of Experiential Programs (OEP) to not more than 20% of students completing *Elective APPE* rotations in a given semester. The OEP review utilizes the preceptor assessment forms and written justification of the honors recommendation. Pass with honors recommendations by preceptors should not be discussed with students at the time of the final rotation grading meeting; the student should only be instructed that they have passed or failed the rotation.

**INSTRUCTIONAL OBJECTIVES:**

List the learning objectives expected of students taking this course.

1. Describe and demonstrate the activities of a pharmacist in this specialty pharmacy setting.
2. Describe different methods of dispensing medication to residents of group homes and those still living at home.
3. Use effective communication with patients and caregivers to provide patient counseling and to answer drug information questions.
4. Complete medication reviews when a new medication is prescribed or an existing medication is changed or discontinued.
5. Explain how the accreditation process for Medicare works.
6. Demonstrate competency in scheduling, preparing, and administering injections.
7. Describe the benefits, challenges, and general differences of operating an independently owed pharmacy

**COURSE OUTLINE:**

Detailed course outline will be provided to students by preceptor.

**Recurring activities:**

1. Communication with patients, caregivers, and prescribers
2. Performing medication reviews
3. Shadow pharmacist during prescription verification, inventory control, other daily activities
4. Help prepare weekly and monthly medications and medication packages
Activities by individual week:

Week 1: Orientation, introduction to staff, discuss patient population and services provided.
Week 2: Discuss Medicare accreditation process, mid-rotation evaluation
Week 3: Discuss independently owned pharmacy business
Week 4: Turn in assignments, final evaluation
Outcomes and competencies from the University of Nebraska College of Pharmacy Doctor of Pharmacy (PharmD) Program Learning Outcomes and Competencies that will be addressed in this course.

I. PHARMACEUTICAL CARE. Provide pharmaceutical care in cooperation with patients, prescribers, and other members of an interprofessional health care team based upon sound physical, chemical, biological, and therapeutic principles and evidence-based data, taking into account relevant legal, ethical, social, economic, and professional issues, emerging technologies, and evolving biomedical, sociobehavioral, and clinical sciences that may impact therapeutic outcomes.

A. Provide patient-centered care

2. Applied competencies

   a. Retrieve, analyze, and interpret the professional, lay, and scientific literature to provide drug information to patients, their families, and other involved health care providers

      1) Maintain awareness of evidence-based information resources, and use principles of evidence-based medicine to assess information needs, formulate focused queries, acquire the best available evidence, evaluate the evidence and communicate it to the appropriate individuals
      2) Identify and regularly utilize information resources that enhance the pharmacist’s understanding of stakeholder viewpoints, beliefs and attitudes
      3) Provide information regarding disease prevention and detection
      4) Provide information regarding prescription medications and products
      5) Provide information regarding non-prescription and herbal products
      6) Provide information regarding non-drug therapies
      7) Provide information regarding diet and nutrition

   b. Design, implement, monitor, evaluate, and adjust pharmaceutical care plans that are patient-specific and evidence based which ensure effective, safe, and economical care

      1) Maintain awareness of evidence-based information resources and use principles of evidence-based medicine to assess information needs, formulate focused queries, acquire the best available evidence, evaluate the evidence, and apply clinical expertise in using the evidence in providing patient-centered care
      2) Compile and evaluate patient-specific information
      3) Recommend medications and/or laboratory tests in accordance with established standards of practice and available clinical data
      4) Select the appropriate dosage form, formulation, administration, and/or delivery system for specific drug entities, and assess existing dosage schedules and recommend modifications based on sound pharmacokinetic and therapeutic principles
      5) Ensure that patients or their agents understand the importance, nature and scope of the therapeutic plans being implemented, are informed about the benefits and risks of such plans, agree to participate in the implementation of the plans, and understand the appropriate use of medication included in the plans
      6) Monitor the patient in order to identify, assess, and solve medication-related problems, assess and promote adherence to the therapeutic plan, and evaluate the effectiveness of the plan in producing the intended therapeutic outcomes
      7) Administer medications and immunizations to patients, when appropriate
c. Evaluate drug orders or prescriptions, accurately and safely compound drugs in appropriate dosage forms, package and dispense dosage forms to meet specific patient care needs, and provide proper advice regarding dosage form factors which influence drug stability, drug release, drug absorption and bioavailability.

d. Communicate and collaborate with the patient, caregiver(s), prescriber(s), and other involved providers to engender a team approach to patient care.

  1) Identify and regularly use information resources that enhance the pharmacist’s understanding of stakeholder viewpoints, beliefs and attitudes.
  2) Establish a trust-based relationship with the patient and other stakeholders.
  3) Interact with the patient and other stakeholders in a manner that is culturally appropriate.
  4) Encourage and respect stakeholder input while remaining the patient’s advocate from an optimum pharmaceutical care perspective.

e. Demonstrate the ability to practice within a selected patient care setting within state and federal pharmacy regulations.

  1) Label and package a selected dosage form according to state and federal laws.
  2) Provide and document appropriate patient consultation.

f. Practice ethically in a patient care setting.

  1) Evidence personal commitment to the welfare of the patient.
  2) Demonstrate respect for the dignity of the patient.
  3) Use awareness of personal values and a code of professional ethics to guide behavior.

g. Effectively solve situational dilemmas.

  1) Identify the ethical principles associated with a given patient care scenario.
  2) Reason through conflicts between personal values and professional ethics to assure optimal patient care.
  3) Justify a decision made in a patient care setting.

h. Maintain professional competence by identifying and analyzing emerging issues, products, and services that may impact patient-specific therapeutic outcomes.

  1) Maintain a zeal for and practice of life long professional learning.
  2) Access Continuing Education vehicles such as seminars, on-line training, etc.
  3) Maintain an up-to-date personal professional library.

B. Provide population-based care

  2. Applied competencies

  a. Retrieve, evaluate, and manage professional information and literature.
  b. Apply principles of pharmacoeconomics to recommend or select drug products for inclusion in treatment protocols or guidelines.
  c. Communicate and collaborate with pharmacy colleagues, prescribers, population members, caregivers, and other involved health care providers to engender a team approach to patient care.
  d. Retrieve, analyze, and interpret the professional, lay, and scientific literature to provide drug information to other health care providers and to the public.
  e. Carry out duties in accordance with legal, ethical, social, economic, and professional guidelines.
  f. Maintain professional competence by identifying and analyzing emerging issues, products, and services that may impact population-based therapeutic outcomes.
  g. Accept responsibility for involvement in the advancement of the profession and leadership in community health care issues.
II. SYSTEMS MANAGEMENT. Manage and use resources of the health care system, in cooperation with patients, prescribers, other health care providers, and administrative and supportive personnel, to promote health, provide, assess, and coordinate safe, accurate, and time-sensitive medication distribution, and to improve therapeutic outcomes of medication use

A. Manage human, physical, medical, informational, and technological resources

2. Applied competencies

a. Develop a business plan (budgets, pricing, contract development, and yearly reports) that assures financial success of the practice
b. Maintain a staff of persons capable of fulfilling the practice mission
c. Specify, acquire, maintain, and update facilities, equipment, and information technology required to fulfill the practice mission
d. Continuously review the operational functioning of the pharmacy and recommend strategic changes in relation to the established mission, fiscal resources, and customer needs
e. Resolve ethical dilemmas that develop in management of the pharmacy practice setting
f. Identify actual and potential personnel, technological, financial, or regulatory changes that may impact the practice of pharmacy
g. Formulate and evaluate strategies to adapt to change

B. Manage medication use systems

2. Applied competencies

a. Manage the drug distribution system

1) Design, select, implement, and/or manage drug distribution systems for various practice settings
2) Develop and supervise management systems to ensure that adequate supplies of drug products are available to meet patient care needs
3) Manage systems for storage, preparation, and dispensing of medicines
4) Supervise technical personnel involved in the storage, preparation, and dispensing of medicines

b. Assure the quality of drug products

1) Select drug products on the basis of bioequivalence and therapeutic equivalence. Use pharmacoeconomic data in the selection of drug delivery form, amount, and brand vs. generic of a drug product
2) Ensure that drug products are stored under appropriate conditions
3) Ensure that products are delivered to patients in a timely, safe, efficient, and ethical manner
4) Ensure the security of the drug product inventory

III. PUBLIC HEALTH. Promote health improvement, wellness, and disease prevention in cooperation with patients, communities, at-risk populations, and other members of an interprofessional health care team

A. Assure the availability of effective, quality health and disease prevention services

2. Applied competencies

a. Recommend and/or administer vaccines to the public
b. Promote safe medication use

APPE MID-ROTATION EVALUATION
PRECEPTOR’S EVALUATION OF THE STUDENT
P-4 ADVANCED PHARMACY PRACTICE EXPERIENCE

Student Name: ____________________________
Preceptor Name: __________________________
Rotation Site: _____________________________
Start Date: ___________  Mid-rotation Evaluation Date: ___________

Instructions:
In order to provide a consistent evaluation process and valuable feedback to students regarding their professional
development, please assess the student’s performance in each category (when applicable to this rotation) based upon
the skills and knowledge demonstrated throughout the rotation. Please use the evaluation chart below to assess the
students’ performance in each category. Clearly indicate your assessment by checking the corresponding points for each
category.

The student is required to complete a self-assessment at mid-rotation and at the end of the rotation.

The preceptor must complete an evaluation of the student at the end of the rotation and interact with the student
in discussion as it relates to performance.

While some students may initially require substantial redirection and supervision, improvement should become evident
through practice with minimal supervision. The preceptor will notify the Director of Experiential Programs in cases
where students are not progressing to satisfactory levels and are at significant risk of being unable to
successfully complete the rotation. Please contact, Mr. John Ridgway, Director of Experiential Programs at (402)
559-5774 or jridgway@unmc.edu.

The evaluation of the student performance will be utilized by future preceptors and the Office of Experiential Programs for
student development during remaining clerkships.

Evaluation Guidelines:
Choose the category that is most representative of the student’s performance

Not Offered: The activity is not offered at this site.

Unsatisfactory: Lacks the skill, knowledge, and/or ability to complete task. Numerous mistakes; inability to problem-solve make
corrections. Constant redirection and supervision is required. Lacks confidence in abilities. Student lacks awareness of mistakes made.

Satisfactory Needs Improvement: Has the skill, knowledge and ability but does not utilize it to complete task. Numerous mistakes;
has ability to problem-solve but does not make corrections. Somewhat confident in abilities. Student has some awareness of mistakes made.

Satisfactory: Utilizes, skill, knowledge and/or ability to complete task. Occasional mistakes; ability to self correct. Minimal redirection
and supervision is required. Consistent performance. Student is confident in abilities. Student can identify and solve problems/issues.

Good: Moderate level of proficiency. Mistakes are minimal; ability to problem solve and utilizes resources often. Minimal supervision is required.

Excellent: High level of proficiency. Mistakes are minimal; ability to problem solve and utilizes resources consistently. Minimal
supervision is required.
## I. PHARMACY PRACTICE

<table>

<th>SN = Satisfactory Needs Improvement</th>
<th>S = Satisfactory</th>
<th>G = Good</th>
<th>E = Excellent</th>
</tr>
</thead>
</table>

1. **Pharmacy Profession**: Demonstrates the activities of the pharmacist appropriate to the practice site. Integrates the role of other pharmacy support personnel in the delivery of pharmacy services and patient care. Identifies and implements necessary changes in pharmacy practice and health care delivery to advance the profession.

   MID-ROTATION: ○ N/O ○ U ○ SN ○ S ○ G ○ E

2. **Integrative Competence/Critical Thinking and Decision-Making Abilities**: Examines issues rationally and logically. Evaluates, analyzes and synthesizes information and knowledge based upon sound physical, chemical, biological, and therapeutic principles and evidence-based data, taking into account relevant legal, ethical, social, economic, and professional issues, emerging technologies, and evolving biomedical, sociobehavioral, and clinical sciences that may impact therapeutic outcomes.

   MID-ROTATION: ○ N/O ○ U ○ SN ○ S ○ G ○ E

3. **Informatics and Evidence-Based Pharmacotherapy**: Evaluates, analyzes, and synthesizes information. Manages knowledge to mitigate error(s) and support decision-making using appropriate information and technology.

   MID-ROTATION: ○ N/O ○ U ○ SN ○ S ○ G ○ E

4. **Oral Communication**: Listens, assesses health literacy, and uses effective oral communication skills to clearly communicate relevant, concise, comprehensive and timely information about safe and appropriate medication use to patients, health care professionals, and members of the community using appropriate terminology and vocabulary for the intended audience.

   MID-ROTATION: ○ N/O ○ U ○ SN ○ S ○ G ○ E

5. **Written Communication**: Listens, assesses health literacy, and uses effective written communication skills to clearly communicate relevant, concise, comprehensive and timely information about safe and appropriate medication use to patients, health care professionals, and members of the community using appropriate terminology and vocabulary for the intended audience.

   MID-ROTATION: ○ N/O ○ U ○ SN ○ S ○ G ○ E

6. **Interactions with Health Professionals**: Interacts actively and effectively with other health professionals. Respects other health professionals’ contribution to patient care.

   MID-ROTATION: ○ N/O ○ U ○ SN ○ S ○ G ○ E

7. **Self-Directed Learning Abilities**: Assesses his/her own knowledge, sets appropriate learning goals and takes appropriate action to accomplish these goals.

   MID-ROTATION: ○ N/O ○ U ○ SN ○ S ○ G ○ E

8. **Social Awareness and Responsibility**: Takes responsibility for adapting and providing quality patient care to culturally, economically, and socially diverse populations. Promotes public health and minimizes health care disparities. Applies population-specific data, informatics, and research processes to identify and solve public health problems and help develop health policy as appropriate to the practice site.

   MID-ROTATION: ○ N/O ○ U ○ SN ○ S ○ G ○ E

9. **Health Promotion**: Counsels individuals and/or groups on health lifestyles for disease prevention, wellness, health promotion and public health issues.

   MID-ROTATION: ○ N/O ○ U ○ SN ○ S ○ G ○ E

### 1. Pharmacy Profession
Demonstrates the activities of the pharmacist appropriate to the practice site. Integrates the role of other pharmacy support personnel in the delivery of pharmacy services and patient care. Identifies and implements necessary changes in pharmacy practice and health care deliver to advance the profession.

FINAL:〇 N/O 〇 U 〇 SN 〇 S〇 G 〇 E

### 2. Integrative Competence/Critical Thinking and Decision-Making Abilities
Examines issues rationally and logically. Evaluates, analyzes, and synthesizes information and knowledge based upon sound physical, chemical, biological, and therapeutic principles and evidence-based data, taking into account relevant legal, ethical, social, economic, and professional issues, emerging technologies, and evolving biomedical, sociobehavioral, and clinical sciences that may impact therapeutic outcomes.

FINAL:〇 N/O 〇 U 〇 SN 〇 S〇 G 〇 E

### 3. Informatics and Evidence-Based Pharmacotherapy
Evaluates, analyzes, and synthesizes information. Manages knowledge to mitigate error(s) and support decision-making using appropriate information and technology.

FINAL:〇 N/O 〇 U 〇 SN 〇 S〇 G 〇 E

### 4. Oral Communication
Listens, assesses health literacy, and uses effective oral communication skills to clearly communicate relevant, concise, comprehensive and timely information about safe and appropriate medication use to patients, health care professionals, and members of the community using appropriate terminology and vocabulary for the intended audience.

FINAL:〇 N/O 〇 U 〇 SN 〇 S〇 G 〇 E

### 5. Written Communication
Listens, assesses health literacy, and uses effective written communication skills to clearly communicate relevant, concise, comprehensive and timely information about safe and appropriate medication use to patients, health care professionals, and members of the community using appropriate terminology and vocabulary for the intended audience.

FINAL:〇 N/O 〇 U 〇 SN 〇 S〇 G 〇 E

### 6. Interactions with Health Professionals
Interacts actively and effectively with other health professionals. Respects other health professionals' contribution to patient care.

FINAL:〇 N/O 〇 U 〇 SN 〇 S〇 G 〇 E

### 7. Self-Directed Learning Abilities
Assesses his/her own knowledge, sets appropriate learning goals and takes appropriate action to accomplish these goals.

FINAL:〇 N/O 〇 U 〇 SN 〇 S〇 G 〇 E

### 8. Social Awareness and Responsibility
Takes responsibility for adapting and providing quality patient care to culturally, economically, and socially diverse populations. Promotes public health and minimizes health care disparities. Applies population-specific data, informatics, and research processes to identify and solve public health problems and help develop health policy as appropriate to the practice site.

FINAL:〇 N/O 〇 U 〇 SN 〇 S〇 G 〇 E

### 9. Health Promotion
Counsels individuals and/or groups on health lifestyles for disease prevention, wellness, health promotion and public health issues.

FINAL:〇 N/O 〇 U 〇 SN 〇 S〇 G 〇 E

OVERALL FINAL PERFORMANCE COMMENTS

Describe the student's strengths:

Describe areas that need improvement:

GRADING METHODS:

Grading for this APPE is **Pass/Fail/Honors**:

PASS = Student meets or exceeds expectations

FAIL = Student does not meet expectations

PASS WITH HONORS

Completion of the following questions are **REQUIRED** for the student to be considered for Honors:

1. How did this student exceed your expectations?
2. Please give one or more examples of exceptional work performed by this student.

Pass with Honors is a grade assigned by a review committee within the Office of Experiential Programs (OEP) to not more than 20% of students completing an APPE rotation of a respective category in a given semester. The OEP review utilizes the preceptor assessment forms and written justification of the honors recommendation. Pass with honors recommendations by preceptors should not be discussed with students at the time of the final rotation grading meeting; the student should only be instructed that they have passed or failed the rotation.

The preceptor will notify the Director of Experiential Programs in cases where students are not progressing to satisfactory levels and are at significant risk of being unable to successfully complete the rotation. Please contact, Mr. John Ridgway, Director of Experiential Programs at (402) 559-5774 or jridgway@unmc.edu.

Submission of this evaluation affirms that the student completed the required minimum of 160 hours of APPE for a 4 week rotation.

**FINAL EVALUATION GRADE RECOMMENDATION**

- **Fail = Unsatisfactory** (must justify on next page)
- **Pass = Satisfactory**
- **Pass with Honors Recommendation** (must justify on next page)
Justification for FAIL *(required if FAIL is recommended as final grade)*:

If you recommend a grade of fail, explain reason for this grade.

---

Honors Justification *(required if Pass with Honors is recommended as final grade)*:

1. How did this student exceed your expectations?

---

2. Please give one or more examples of exceptional work performed by this student:
